

## RECOMMENDATIONS

- 1** **Adopt an integrated, outcomes-focused, and patient-centred approach to long-term HIV care**
  - Put comorbidity prevention, treatment and management at the centre of long-term HIV care
  - Coordinate outcomes-focused care delivery using a personalised care plan
  - Integrate services for mental health and neurocognitive impairment
  - Ensure an ongoing focus on sexual and reproductive health
  - Increase systematic participation of people living with HIV in decisions about their care
- 2** **Expand national monitoring of long-term HIV care and outcomes**
- 3** **Fund cohort studies to provide information on the long-term health of people living with HIV**
- 4** **Combat stigma and discrimination within health systems**
- 5** **Upscale involvement of the HIV community in priority setting at country level**
