BEYOND VIRAL SUPPRESSION

1 March 2022, 10:00-11:30 CET

Delivering on political commitments to tackle HIV in France

Roundtable discussion focusing on improving the health-related quality of life of people living with HIV

Agenda

Moderated by **Stéphan Vernhes,** *Coordinator European Platform AIDES & HIV Outcomes Steering Group Member*

10:00- 10:05	**Welcome remarks by moderator**
10:05- 10:25	**Setting the scene** Objectives: ▪ HIV and health-related quality of life (HRQoL) – why does it matter for people living with HIV? ▪ Describe the importance of HRQoL in clinical settings. Speakers: ▪ Armelle Genevois, Solidarité Enfants Sida (Sol en Si), Responsable de Site Île de France ▪ Prof. Bruno Spire, AIDES Honorary President
10:25 – 11:25 panel discussion	**Policy vehicles to successfully improve HRQoL for people living with HIV in France** Objectives of the panel discussion: ▪ Determine concrete actions that French policy makers can take together to ensure that tackling the HIV epidemic remains a priority in France and Europe and that the often 'invisible' needs of people living with HIV in the long-term are addressed. ▪ Explore how to measure the HRQoL of people living with HIV (the use of WHOQOL-HIV instrument in clinical setting to assess the HRQoL of people living with HIV). ▪ Agree how to make further progress in making policy and clinical change to address the needs of people living with HIV in the long-term. Speakers: ▪ Prof. Bruno Spire, AIDES Honorary President ▪ Florence Thune, Sidaction Executive Director ▪ MP, La République en Marche, TBC ▪ Dr. Diana Barger, Postdoctoral researcher at Research Centre "Bordeaux Population Health" Unit U1219 Inserm, University of Bordeaux
11:25 – 11:30	**Next steps and closing remarks by moderator**
